Career Objective

Aspiring Software Engineer pursuing a Bachelor of Technology in Computer Science at Allenhouse Institute of Technology, Kanpur, with a strong interest in full-stack development, problem-solving, and AI-assisted development. Seeking an entry-level corporate role to apply programming fundamentals, build practical software solutions, and contribute effectively in a professional environment.

Education

Bachelor of Technology in Computer Science — Pursuing July 2025 – July 2029

Allenhouse Institute of Technology, Kanpur

Intermediate (PCM) — 81.4% July 2024 – April 2025

Uttar Pradesh State Board of High School and Intermediate Education (UPMSP)

High School (Science) — 91.8% July 2022 – April 2023

Uttar Pradesh State Board of High School and Intermediate Education (UPMSP)

Technical Skills

Programming Languages: C, C++, Python, Data Structures and Algorithms (DSA)

Web Technologies: HTML, CSS, JavaScript, Frontend Basics, React

Tools and Platforms: React, Git, GitHub, Netlify, Render, Firebase

AI-Assisted Development: Generative AI, Prompt Engineering, AI-assisted coding, debugging, optimization, research, and technical problem-solving

Additional Skills: Video Editing, Photography, Visual Content Creation

Concepts: Problem Solving, Responsive Design, API Handling

Projects

Developer Portfolio Website *HTML, CSS, JavaScript, React*

- Designed and developed a responsive personal portfolio website to showcase projects, technical skills, achievements, and contact information.
- Implemented smooth UI animations, interactive components, responsive layouts, and optimized the website for cross-device compatibility and performance.
- Integrated a contact system for direct communication and deployed the portfolio for public access.

TCT Lab Portal *Web Development*

- Developed a web-based lab portal providing an organized interface for accessing and managing laboratory-related resources and information.
- Implemented a responsive user interface with practical frontend functionality and API-based integration where required.
- Project: tct-404.onrender.com

Certifications

- Certificate of Participation, HackShodh 2026** — 24-hour National Hackathon, Chhatrapati Shahu Ji Maharaj University, Kanpur.
- Certificate of Appreciation, CodeFuse 2025** — Qualified Round 1 among 600+ participants and participated in the Offline Grand Finale.

Achievements / Positions of Responsibility

- Finalist participant in national-level hackathon and competitive coding events.
